

# Third Thursday Notes

Aug 17, 2023 – Discovering Core Values, Part 1

---

## Core Values Provide Direction

What you value is what you'll do.

Rom 5:6-8; Eph 4

## Core Values help you say “yes” and “no” to the right opportunities.

Every decision is made through some framework, and your core values help form that framework.

## Core Values help people understand who you are and what you're about.

Whether they can articulate it or not, students want to know the answer to this question.

Potential ministry volunteers will also be helped by a clear understanding of what the ministry values.

## Final Thought

How do your core values affect your students? Ministry leaders? How do they glorify God?
