

Third Thursday Notes

Nov. 16, 2023 - Connecting With Your Community

God has called us to the people outside of our Building!

1) What Do We Think Of When We Talk About Community?

For the sake of this discussion we are specifically looking at how to connect with our Community outside of our Church Building and more importantly reaching out to the lost people around us!

2) There Is A Whole Wide World Out There!

It can be easy to get focused on what is happening at the church building and forget or lose sight of all the great opportunities that await us out in the Community.

3) Reframing Our Perspective

For many of us, there are great opportunities available within what we are already doing! It's not always about doing more but instead how can we better lean into where God has us now? For example: if you have kids in school, jump at the chance when they ask for volunteers to come help with an event and lean in to the relationship building opportunity!

4) Opportunities

The reality is there many opportunities to be involved in your community and you can't do them all! Seek Him first and then lean in! Sometimes the best thing to do is just go ask your local school if they need help in any way!

Final Thought

God has you in this place, at this time, for His purpose. Look Up and Lean In to what he is already doing around you.
