

## ***When the Foundations Are Shaken***

*When the foundations are shaken, what can the righteous do? (Psalm 11:3)*

This is not the ministry of our fathers! Ministry has changed. What does it mean to lead when many believe truth is uncertain, clarity is opaque, and unity seems impossible?

In The Alliance we already experience:

- People walking through your door steeped in the belief that they determine their own reality.
- A trusted elder leaving your church because the two of you disagree on his preferred political candidate, taking other members with him.
- Your church struggling with the application of preferred pronouns.
- Conflict erupting over a youth group study of gender identity.

We bring faith, hope, and love into a cultural season when our laws, beliefs, and practices are spinning away from God, Scripture, and the sacred.

At this critical and timely event, you will hear from ministry leaders and practitioners about what it means to minister the Gospel effectively and powerfully at this time in God's kingdom advance.
