WHY WE EXIST

The mission of Crown College is to provide a biblically-based education for Christian leadership in the Christian and Missionary Alliance, the church-at-large, and the world.

The vision of Crown College is to be the Midwest's Boldly Christian College.

TESTIMONIAL Nora Xiong

I have the opportunity to not just be in a caring community, but a community that fosters the same values and faith. There are so many different perspectives here from students and professors, and it creates so many opportunities to grow.

Being at Crown makes you want to stay at Crown for the rest of your life; but being at Crown also gets you excited for what God is preparing you to do after college, too.
