

Third Thursday Notes

August 21, 2025 - Life Conference Recap

Some of our Highlights

The **fun and energy**, from the stage all the way to the security staff, was awesome! A good reminder of what it is to celebrate and rejoice in the Lord together.

The **breadth of breakouts** that gave opportunity to challenge student's thinking.

The opportunity for students to **pray** for one another.

The opportunities (and actual responses) for students to **surrender their lives to Jesus** – both for salvation and for missions and ministry.

Some of our favorite Speakers

Joel Muddamalle. His main session talk was great and right from the Word.

Jada Edwards. Her talk on acting justly was great.

John Stumbo. He gave a great overview of the Alliance.

Ken Castor. His "Grow Down" seminar is one to rewatch.

Alex Hickinbotham. Anything that Alex shares is worth listening to.

Joshua Becker. A biblical and well-balanced view on money and possessions.
